

DOMUS AUREA

Domus Aurea Cabernet Sauvignon *Maipo Terroir at Its Finest*

Located in the foothills of the Andes Mountain Range, Clos Quebrada de Macul is recognized as one of the Maipo Valley's finest vineyards. It is here, on the gravelly slopes of a 45-acre single-vineyard, that owners Ricardo and Isabel Peña produce their award-winning Cabernet Sauvignon.

The Peña family's vineyards are divided into five blocks that follow the depth and stoniness of the soil, which are further divided into upper, middle and lower rows. The harvest is not determined by block or row but by vine. The winery also utilizes open-top fermentation and personalized oak aging

cycles, selecting lots with the most character to be the first wines into barrels.

Clos Quebrada de Macul is also the producer of the award-winning Peñalolen family of wines.
