2014

RED WINE
COLCHAGUA VALLEY

PRODUCT OF CHILE

Tasting notes

Dark cherry red color. A fruity nose with spices and predominating red fruits, as well as notes of blackcurrant. The palate is well balanced with a great freshness and a nice tannic structure.

The Wine

Escarlata is a sophisticated red blend made from Cabernet Sauvignon, Syrah, Carménère and Malbec. Meaning "scarlet" for the deep, brilliant red hue. Escarlata is produced from 100% estate grapes grown in the prestigious Colchagua Valley and displays vibrant fresh fruit with just a light touch of oak to add depth and complexity. The winemaker crafted Escarlata to be equally at home accompanying dinner as it is to sip on its own beforehand.

Vineyard

The vineyards are nestled in the rolling hills of the Marchigüe estate, where the ocean breeze helps moderate the extreme temperatures during the growing season, contributing to get low yields, nice concentration and fruit that is specially fresh. The soils are granitic, with an important content of clay.
