

SOUTH MENDOZA • ARGENTINA

FUNCKEN HAUSEN

Kurt Heinlein and his grandson Alejandro chose to bottle their wines in unique 1.0 liter bottles so there would always be plenty available at gatherings with friends and family. "Because to share you need more than 750ml" is aptly printed on the front of each and every bottle.

In a unique 1.0 LITER bottle!

Argentina is home to many German immigrants including the Funcke family who arrived to Mendoza in the late 1800s. In honor of his ancestors, Kurt Heinlein founded the Funckenhausen Vineyards in the San Rafael appellation of South Mendoza. The region is located at the foothills of the Andes mountains (elevation 2700 feet) near the banks of the Diamante river where they grow distinctive Malbec, Syrah, Cabernet Sauvignon and Bonarda.

Funckenhausen is a family-owned winery that seeks to honor Kurt and Alejandro's German ancestry while establishing an Argentine tradition of winemaking for future generations.

Jimena Lopez leads the winemaking team to help focus on Mr. Heinlein's vision of producing superior wines that represent the region.

Lopez is part of a rising group of talented female winemakers of South America.
