

Ficha técnica

Mariposa Pais 2019

Our philosophy

Small productions fermented in the traditional way, we obtain them from old vines. This vinyards are located in the south coast area, they are irrigated only with winter rainfall which produce low yielding. And good quality fruits. Dry Farming Grapes
The terroir is recognized in mature, concentrate and elegant wines. With a natural acidity that gives a perfect aging in bottle.

Terraces made up of Alluvial clay soils and deep colluvial rocks

Tasting Notes

Wine with red aromas, strawberries, raspberries. On the mouth we have a soft balance structure with vibrant acidity, it is a dry and fresh wine.

Fermentación

It was fermented in cold conditions, using Stainless steel with traditional techniques.
