## DISTINCTIVE WINES OF COLCHAGUA VALLEY

Maquis vineyards are located literally on an island, surrounded by the Tinguiririca and Chimbarongo rivers, which are ancient waterways that once carried alluvial sediments from the Andes Mountains into present day Colchagua Valley. Today they act as pathways for cool coastal breezes that help moderate the warm Colchagua summers, a combination which makes wine from this region appealingly fruity with excellent structure and length. Chief winemaker and owner Ricardo Rivadeneira Hurtado and viticulturist Xavier Choné along with winemaker Rodrigo Romero, make wines that reflect the extraordinary character of this unique soil and topography.

### 2009 MAQUIS VIOLA Carmenere Blend

Viola is produced from the fruit of the finest vineyards on the Maquis estate. The tiniest grapes from these vineyards are concentrated and yield silky tannins with the greatest depth and complexity. The spices, black fruit and smooth texture of the Carménère are complemented by the extraordinary finesse and length on the palate by the Cabernet Franc. Viola is a blend of 85% Carménère and 15% Cabernet Franc.
