VIÑA
MAQUIS
UNIQUE EXPRESSION BETWEEN TWO RIVERS

"The most senior workers in the winery used to say, since the beginning of the 20th century, that Maquis best wines were crafted from Cabernet "Franco", which was a peculiar way to refer to Cabernet Franc and which eventually gave this wine its name. This variety is very challenging to grow but, with the proper soils and climate, it is able to produce wines of a remarkable finesse and sophistication, which is difficult to achieve with other varieties. According to our master blenders, Jacques and Eric Boissenot, it should continue improving for at least another 20 years."

CHILE'S FIRST ICON CABERNET FRANC

Maquis Franco represents the culmination of painstaking efforts made by three generations of the Hurtado family to create a truly exceptional wine. This majestic Cabernet Franc is outstanding for its elegance and length on the palate.

UNIQUE TERROIR

Located in Colchagua Valley, the vineyard terroir shows the marked influence of its geographic position, totally surrounded by the Tinguiririca River and the Chimbarongo Creek. These two large waterways, which once brought alluvial sediments from The Andes, now act as pathways for cool coastal breezes that help moderate the warm Colchagua summers, contributing to the intensity and fruitiness of the wines.

MAQUIS FRANCO 2008

Intense, velvety red color. This wine boasts aromas of great intensity and complexity, with fresh red fruit over a delicate floral background. The mouth is balanced, with an impressive volume and tannic structure. Its finish is subtle and persistent.

MAQUIS FRANCO 2009

Dark cherry color. This wine conveys notes of plums, chocolate, blackberries, blueberries and violets in the nose. The mouth is broad and rich, with preeminent, firm and elegant tannins.

MAQUIS FRANCO 2010

Dark cherry color. The nose highlights crisp red fruits, blackberries and blueberries, with a glimpse of lavender and a touch of licorice. The flavors are well structured, with excellent volume, elegant tannins and a fresh, persistent finish.
