## URUGUAY

Uruguay is home to many small wineries & vineyards that were first planted by Basque and Italian immigrants as far back as the 1870s. The Marichal winery was originally established in 1938 and is now into its third and fourth generation of winemakers. It is family-owned and managed by brothers Juan Andrés and Alejandro Marichal. The estate vineyards are located on an ideal latitude near Canelones (20 miles north of Uruguay's capital, Montevideo) where the warm weather, cool Atlantic breezes and deep clay soil allow old world varieties like Tannat to thrive and achieve considerable character.

### PREMIUM SAUVIGNON BLANC 2023

100% estate Sauvignon Blanc is hand-picked from Canelones near the southern coast of Uruguay. In the glass its pale yellow color shows a bright green hue in the light. Its tangy entrance is crisp and fresh on the palate with green apple, mint and citrus blossoms. Balanced and easy to enjoy with fresh seafood and light dishes. All stainless steel.

### RESERVE COLLECTION ALBARIÑO 2023

This fresh Albariño presents aromas of lemon and grapefruit intertwined with delicate floral notes and a distinct mineral character evoking wet stones. It is balanced with great texture and a refreshing finish. An ideal pairing for seafood dishes or a delightful aperitif choice.

### PREMIUM TANNAT 2022

Marichal's Tannat wines are characterized by more elegant and softer tannins and more distinguished dark fruit notes than the old world European Tannat. The Premium Tannat is produced with hand-picked fruit that reflects the purest expression of the variety. The wine is made fresh, young and unoaked.

### RESERVE COLLECTION TANNAT 2020

Specially selected grapes from old vines produce a complex wine that is intense garnet color with ruby glints. It presents red plum, vanilla, orange peel and black fruit aromas with spice. The texture is smooth with round tannins and hints of vanilla and tobacco. Salty plum and cherry tart with a rich finish. 35% aged in used French oak.

### GRAND RESERVE TANNAT "A" 2018
